### Deluxe Cooling Towel

Made from a soft, lightweight, ultra-cooling fabric blend that provides rapid, long-lasting cooling without the use of chemicals. Just dip in water for instant, evaporative cooling relief. The special fabric weave allows the water to absorb into the fabric, while retaining it for cooling that lasts. Dries soft, instead of rigid and brittle like many other cooling towels on the market. Perfect for outdoor activities and events such as sports, workouts, construction charity walks/runs, fishing, hunting, camping, working outside, hiking, biking, festivals, fairs, concerts, and more.
